THE STATE OF NEW HAMPSHIRE

To the inhabitants of the town of Richmond, in the county of Cheshire in said state, qualified to vote in town affairs:

You are hereby notified to meet at the town hall in said Richmond on Tuesday, the ninth day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary town officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation for the same.
3. To see how much money the town will raise for highways and bridges in addition to the amount required by law.
4. To see if the town will vote to accept state aid to highways, and appropriate the amount required by law.
5. To see if the town will vote to raise the amount required for maintenance of state aid highways.
6. To see what sum of money the town will raise for the care of cemeteries for the ensuing year.
7. To see what sum of money the town will raise for cutting brush for the ensuing year.
8. To see what sum of money the town will raise for libraries in addition to the amount required by law.

9. To see what sum of money the town will raise for Old Home Day.

10. To see if the town will vote to allow 5% discount on all taxes paid on or before July 1st, 1926.

11. To see if the town will authorize the selectmen and treasurer to borrow money for the use of the town.

12. To elect one director for the Richmond Swanzev Telephone Co.

13. To hear the reports of agents, auditors, or committees heretofore chosen, or take any action relating thereto.

14. To take action on any other matter that may legally come before the meeting.

Given under our hand and seal, this 9th day of February, in the year of our Lord nineteen hundred and twenty-six.

LEON H. AMIDON,
FAY M. MARTIN,
FRED A. PRESCOTT,

SCHOOL REPORT

REPORT OF SUPERINTENDENT

To the School Board and Citizens of Richmond :

I beg leave to submit, herewith, my first annual report as Superintendent of Schools.

I have examined with some care your last printed report and wonder why Richmond does not take advantage of State aid. Thinking that possibly the method of obtaining State aid may not be familiar to you, I shall take the liberty of explaining the matter in some detail, in the hope that you will see the wisdom of taking appropriate action at the coming school meeting. Section 8 of Chapter 122, Laws of 1925 reads :

“In any district in which a sum equal to one half of one per cent of the equalized valuation of the district, on which the state tax is apportioned, is insufficient to maintain the required elementary and special schools, and to purchase the required text books, scholars’ supplies, flags and appurtenances, the state board shall provide the balance of money necessary from the money appropriated to carry out the provisions of this title.”

Now a \$5 tax on your equalized valuation is \$3,051.12. I am not familiar with your finances for the current year but based on the figures shown in your report printed one year ago you should be receiving \$1,500 or 1800 state aid money each year. On a budget of approximately \$6,500 you should get about \$1,800 a year.

Section 4 of the same chapter reads :

“The School Board of each district in its annual report shall state in detail the additional sums of money, if any, which will be required during the ensuing fiscal year for the support of schools, for the purchase of text books, scholars’ supplies,

flags and appurtenances, for the payment of the tuitions of the pupils in the district in high schools and academies in accordance with law, and for the payment of all other statutory obligations of the district."

As I have done in the case of the other towns in this union, I am taking the liberty to submit herewith estimates for the cost of your schools for the ensuing year and organizing those figures into a budget as required by law, for your consideration. If your board approves this report and the district makes no alterations a vote to accept the school board's report with or without alterations, requires an assessment of \$6,456.00. Then next October your board will submit this budget to the State Board of Education for its approval. If every item is approved just as it stands you would be entitled to about \$2,000 state aid. This never happens but making due allowances you might reasonably expect to get as much as \$1,800 approved. The state board will make known the exact amount of state aid to which you are entitled in February and at next year's school meeting you will decrease your assessment by that amount. The point is simply this, the state aid comes as a rebate. Money spent this year is rebated next year on the basis of this year's expenditures. It certainly would seem to me the part of good business judgment to raise the money this year as suggested and then get about 1/3 of your school money after that from the state. The larger towns are very careful to get their share. Winchester and Swanzey are both qualifying this year for the maximum amount of \$6,000.

SCHOOL BOARD'S BUDGET

Detailed Statement of Money Required for Support of Schools
and Other Statutory Requirements for Fiscal Year
Beginning July 1, 1926

(Required by Section 4, Chapter 122, Public Laws, 1925)

A. Cost of maintaining Elementary Schools,	\$5,215 00	
B. Cost of high school tuitions,	350 00	

Total amount of "school money" required,	\$5,565 00
--	------------

C. Other statutory requirements:

1. Salaries of district officers including truant officers and census,	\$120 00	✓
2. Per capita tax,	146 00	✓

3. Superintendent's salary,	250 00
4. Expenses of administration,	100 00

Total amount to meet statutory requirements, \$616 00

D. Special appropriations recommended:

1. Alterations,	\$150 00
2. New equipment,	125 00

\$275 00

Total assessment required, \$6,456 00

After this year an assessment of around \$4,500 will, with the state aid, provide for a budget of this amount.

BUILDINGS AND GROUNDS. The buildings and grounds are in a fair condition. The yard at the Corners should be graded so that the front yard and playground is not covered with mud and water. Both this building and the North Richmond schools should have new heating plants. The Prescott school will need to have some little changes made to meet the approval of the State Board. The usual amount of painting, cleaning and minor repairs will be necessary during the summer. All of these things are provided for in the budget.

TEACHERS' AND PUPILS. Richmond has fully trained teachers in every school, and two of them are well seasoned by experience. The crux of the whole school problem is the teacher. Good schools are not possible without good teachers. Richmond is particularly fortunate in its teaching staff and I trust this policy will remain. The statistical table shows that a splendid improvement has been made in the matter of attendance and I trust the parents and pupils will continue to cooperate with us along this line. The work of the schools compares favorably with the commonly accepted standards.

I have dealt mostly with the finances of the district as it seems to me that this matter of securing state aid should be the paramount issue to be decided at this time.

I wish to express my very great appreciation for the interest and support accorded by your board, the teachers and pupils, and the citizens generally.

Respectfully submitted,

WESLEY H. DOUGLASS,

Superintendent of Schools.
